Miss Ruth Sanderson, daughter of Charles Sanderson of Moosup, and a graduate of Killingiy High school, class graduate of Killingiy High school, class of 1900, has been recommended by the faculty of Mt. Holyoke college to re-ceive a scholarship at Bryn Mawr. The unusual feature of the matter is that Miss Sanderson receives the scholar-ship three years after her grad-uation from Mt. Holyoke, when she made an excellent record; in fact, her work was classed as exceptional.

Miss Sanderson entered Killingly
High school when only 11 years of age. and completed her course here at such an early age that she was obliged to wait one year before she was permitted to enter Mt. Holyoke. Her remarkable abilities as a student have enabled her to continue to achieve marked honors, and she will enter Bryn Mawr with a flattering rating.

Little Soldiers

In your blood are the millions of corpuscies that defend you against disease.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity. This is just what Hood's Sarsaparilla does—it helps the little soldiers in your

blood to fight disease for you. It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervous-ness, dyspepsia, general debility, and builds up the whole system. VERNON CATTLE

oulosis-Exhibit at Bridgeport. The Fairfield county anti-tubercu-osis association has placed in the window of a Bridgeport pharmacy, corner Main and State streets, an exhibit which includes parts of several cows which were affected with tuberculosis. These were taken from a herd in Vermont. A test of 120 cows were made, and of these 90 were found to be infected and consequently were ordered killed by the authorities, says a Bridgeport exchange,

Of the animals several of the best appearing were slaughtered and the glands, etc., were secured. These are among the exhibits. The excretions were examined and found to contain the germs of the disease, showing how it can be carried in the dust to the fik, and in that way to human be-
